I am a Ph.D. student at Yonsei University Machine Learning Lab, under the guidance of Prof. Kibok Lee. My research interests lie in machine learning and computer vision, with a primary focus on **open-world learning** based on **continual lifelong learning and out-of-distribution detection**. Recently, I am interested in exploring this topic further with multi-modal data.

EDUCATION

Ph.D. in Statistics and Data Science, Yonsei University   Mar 2024 — Present
Advisor: Prof. Kibok Lee

B.S. in Electrical and Electronics Engineering, Konkuk University   Mar 2018 — Feb 2024
GPA 4.05/4.50, Major GPA 4.18/4.50

PUBLICATIONS

EMPLOYMENT

RESEARCH PROJECTS

PROFESSIONAL SERVICE

HONORS & AWARDS

Dean's List   Jan 2024
Konkuk University
Academic Scholarship   Mar 2023
Konkuk University

SKILLS

Programming Language	Python, C/C++, Matlab
ML/DL Frameworks	PyTorch, TensorFlow
Operating Systems	Linux(Ubuntu), Windows
IOT	Arduino, RaspberryPI
Communication	Korean, English

QUALIFICATION

TEPS	382	Sep.22, 2023
TOEIC	890	Feb.27, 2022
