I am a Ph.D. student at [Yonsei University Machine Learning Lab](#), under the guidance of [Prof. Kibok Lee](#). My research focuses on adapting vision–language models to real-world downstream tasks, with an emphasis on transfer learning, representation learning, and model reliability. Recently, I have been extending my work to the video domain.

EDUCATION

Ph.D. in Statistics and Data Science, Yonsei University Mar 2024 —Present
Advisor: [Prof. Kibok Lee](#)

B.S. in Electrical and Electronics Engineering, Konkuk University Mar 2018 —Feb 2024
GPA 4.05/4.50, Major GPA 4.18/4.50

EMPLOYMENT

KRAFTON Jan 2026 —Present
Research Intern @ AI Research Center Seoul, Republic of Korea
